SLIMDUCT BLACK

Quality of surface appearance

You will feel the difference from the first sight.
Glossy shiny surface is one of INABA's advantage.

Shiny & Brilliant

Protective film keeps the surface clean and tidy.

Heat Resistance

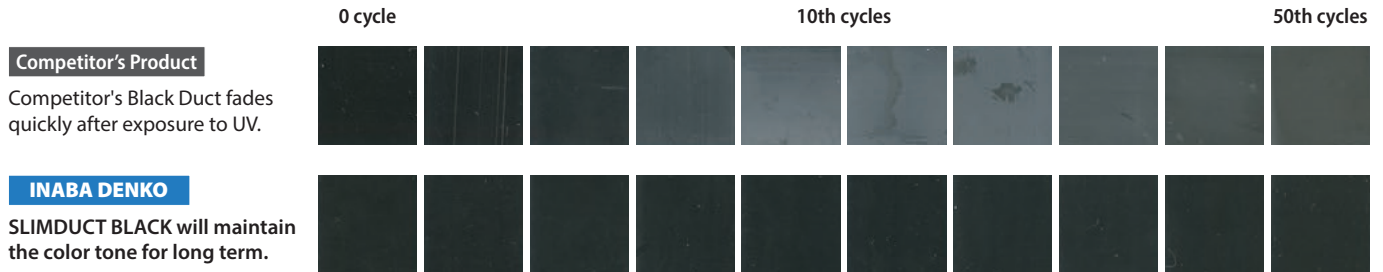

Test 2 products by Thermostatic oven

Basically PVC materials shall be kept at environment under 60°C.

UV Test result

UV resistant will be the most significant factor when choosing dark colored duct.
SLIMDUCT BLACK is reliable even under severe environment of UV exposure.

SLIMDUCT BLACK Job Reference

Not only with black exterior, SLIMDUCT BLACK also suits well with brick walls, and wooden walls.
